Hi-Ho Invitational Sale

Phoenix, Maryland

MONDAY, MAY 9

It is only a three hour drive from Winchester.

West Hatton Flower Girl 30th x by Cherry Hill Souvenir x and her red heifer calf by Sporting Field Chief x sold in the 1954 Winchester sale for \$3,400.00. Consignor W. H. McCeney, Jr., and buyer Mrs. J. A. Stetson Coleman, Archwood Farm, The Plains, Virginia.

During the 40 years that this Association has sponsored the breeding and distribution of better Polled Shorthorns many changes have taken place. During this time the national economy has fluctuated up and down several times, and to some extent the prices of purebred cattle have reflected these changes.

Regardless of prices, the object of the members of this association has always been to breed better Polled Shorthorns. As early as 1919 an International Champion bull was bred by one of its members. At the present time the 1953 International Champion bull heads the herd of one of our members, and the Champion and top selling bull of the 1954 International sale is used by another member.

These are only a few examples of the great bulls bred or used by members of this association. The fine breeding record of the cattle sold in this sale is proof of the correct breeding program pursued by its consignors.

This sale offering was selected from over 100 nominations, and the selection committee, headed by "Hank" Davis are confident they have selected the best consignment of Polled Shorthorns ever offered. When you see the cattle we believe you will agree.

FOREST GLEN STANDARD x—If you are in need of a bull that is thick, deep bodied and smooth and will sire those weight for age kind of calves look Forest Glen Standard over. He weighed 1,200 pounds when he was thirteen months old. He was grand champion bull in three out of seven shows in 1954. We have quite a few calves by him and they look like the right kind. His calves so far have been 100 per cent polled.

BELLEVUE COUNTESS MAID x—Her granddam was one of the top females in the Montana Hall dispersal. This is only the third heifer we have sold from this family. One is in the Archwood herd, and one has made a great production record for E. G. Terpenning. If you will go down the third generation of this pedigree and then follow it up to date you will know why we have full faith in this heifer. Her color is perfect, her head is attractive and she is exceptionally deep. We believe she is a great foundation heifer. Bred to Forest Glen Leader x. Bang's vaccinated. Herd T. B. and Bang's accredited.
